

ZOOPHYTE

ANNOUNCE UPCOMING SHOWS

Touted as one of the more progressive and exciting bands to emerge from the Melbourne independent music scene, 2012 sees **ZOOPHYTE** return to the stage with a blistering new sound and killer new songs.

With their 2007 release of *Another Point Of View* and subsequent national tours, **ZOOPHYTE** garnered rave reviews and solid radio support with the lead single 'Better Days' receiving spins nationally on Triple J, key community stations and commercial radio. With continued touring through 2008, **ZOOPHYTE** rapidly built a dedicated live fan-base a reputation for delivering a great live set.

Following a hiatus in 2009, the band re-emerged with a new line up in 2010 and began the process of writing and recording their follow up album. The album was recorded in Melbourne at Woodstock Studios (Augie March, The Cat Empire, John Butler Trio) and then mastered in the US by the legendary Bob Ludwig (Coldplay, Pearl Jam, Bruce Springsteen).

ZOOPHYTE is due to release a brand new single this March.
